We're so used to helping our *clients* look like stars, we're not quite sure what to say.

So we'll just say 'thanks' to everyone, but especially our team, for making us one of Canada's Top 10 Labour & Employment Boutiques.

Sherrard Kuzz LLP (Toronto)

Founders Michael Sherrard and Erin Kuzz have seen their firm steadily grow since emerging on the scene a decade ago. Today, 21 lawyers serve clients, unionized and non-unionized, domestic and foreign, public and private, in virtually every sector. The firm prides itself on its flat internal structure, eschewing associate or partner titles, while its 24-hour hotline is a prized safety net among clients, promising an SK lawyer at the other end seven days a week. "Best labour and employment firm I have dealt with," says one client.
